# OLIVIA THE BRAVE

## 2020 SINGLE BARREL SYRAH

*October 22nd of 2022, marks two years since Olivia Anne Baessler joined the angels. On the day Olivia took her journey, the team at Corcelettes Winery were commencing the harvest of this 2020 Syrah. When the news broke Olivia would bare her halo, the tools were dropped and just enough syrah had been picked to fill this tribute barrel.*

*In honour of miss Olivia, we are humbled to share the opportunity to take home a special collector wine while contributing to a fundraising campaign aimed at assisting the Brandon Region Health Centre Foundation. 100% of proceeds to be donated.*

*Naturally, this precious single barrel was treasured and treated with the utmost of care. Although capturing this sad moment was not the intent of the wine, marking this moment in memory was. Being able to hold a tribute series of this bold and expressive varietal, baring the now infamous sun-burst heart, is a great way to keep Olivia with us. Age this wine, enjoy it now, the choice is yours - no doubt Olivia's spirit will be stoked the moment the cork is pulled or the wine simply viewed on your library rack.*

*Only 200 of these special bottles were crafted. Don't miss the opportunity to secure this precious memory while contributing to the Brandon Regional Health Centre Foundation and their work in assisting future kids and their families with challenging starts.*
